Introduction to EON Cyber Accounts and PayPal

Most companies / employers prefer sending your paycheck through Paypal. The funds sent should be then transferred to a bank account for you to withdraw it. The easiest way to link up a PayPal account with a bank account in the Philippines is with a Unionbank EON.

In this tutorial, you'll learn how to:

- How to open a Unionbank EON account
- How to create a Paypal account
- How to enroll your Unionbank EON to E-Banking
- How to validate your EON account with Paypal

I. Termination of the Agreement

You may request for termination of the Internet Banking Service by giving a written notice of at least ten (10) banking days to the Bank. You shall remain responsible for any online banking transactions made on your accounts through the service prior to the time of such cancellation of the Internet Banking Service.

The Agreement comprised in these Terms and Conditions shall be deemed to remain in full force and effect if and in so far as any transaction is completed but not debited to your accounts prior to termination of the service. Also, termination of the Internet Banking Service shall not prejudice your liability in respect of things done or omitted to be done prior to termination thereof.

The Bank may, for security and other reasons, withdraw the Internet Banking Service anytime you are given reasonable notice under the circumstances. If the Internet Banking Service is erroneously or negligently withdrawn by the Bank for any reason other than your breach of the terms and conditions hereof, the Bank's liability shall be restricted to the return of the annual charges, if any, recovered from you for the period in question.

The closure of all your accounts enrolled on the Internet Banking Service will automatically terminate the service.

The Bank may suspend or terminate your online banking service without prior notice if you breach any of the terms and conditions hereof or the Bank learns of your death, bankruptcy or lack of legal capacity.

TERMS AND CONDITIONS NEED HELP HOW TO START KEY FEATURES

It is time to change your Transaction password, you need to change it right now. After you have changed your transaction password, you will be able to use the Internet Banking facility.

[Change My Transaction Password](#)

Welcome UnionBank Customer! We have added a new feature to our Internet banking facility... The Transaction Password. You will still log on using your USER ID and your ATN PIN. However, all transactions, payments, transfers, etc made via the Internet Banking facility, Please note that you will need to use your Transaction Password.

You can set up your transaction password now. When setting it up, please remember the following:

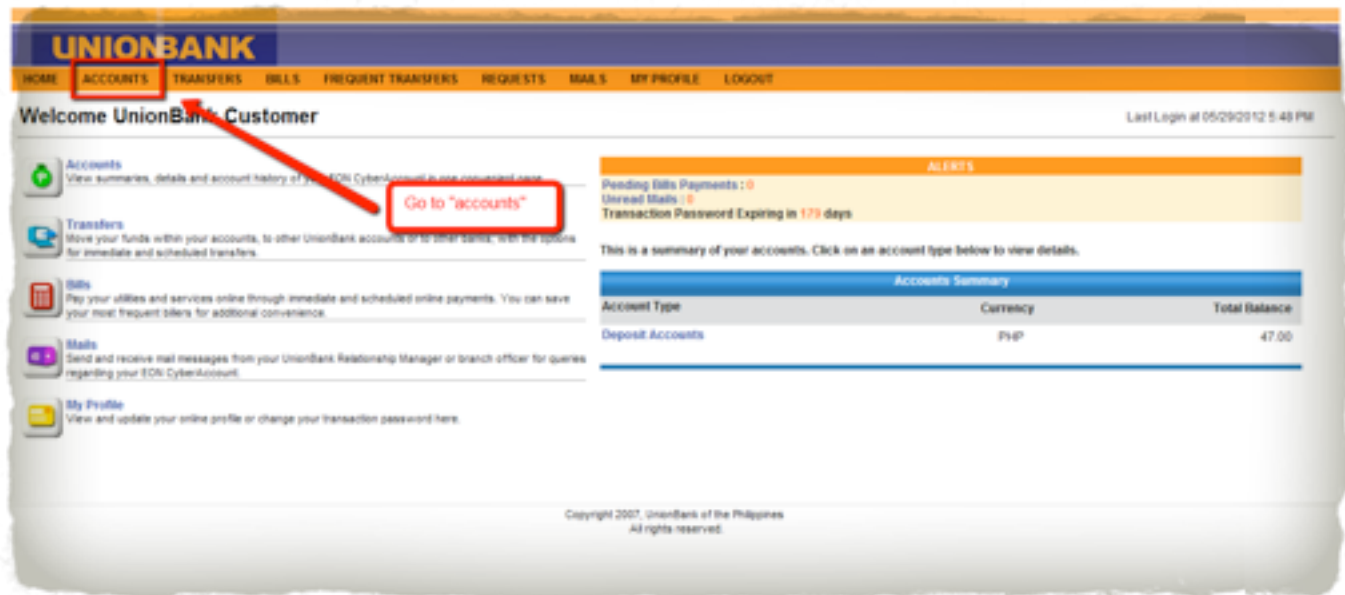

1. Your password cannot consist of all the characters in your USERNAME. For example, if your USERNAME is "Bob", then your PASSWORD cannot be "Bobby".
2. Your password cannot contain any spaces.
3. Your Password should contain a minimum of 6 characters and a maximum of 10 characters.
4. Your new password cannot be the same as any of your 4 previous password(s).

Create a password. Please write it down somewhere, this is a very important password. You need it for transferring funds. It also changes every 180 days so you need it to switch to another password.

You need to look at the transactions in your account to find the PayPal transaction.

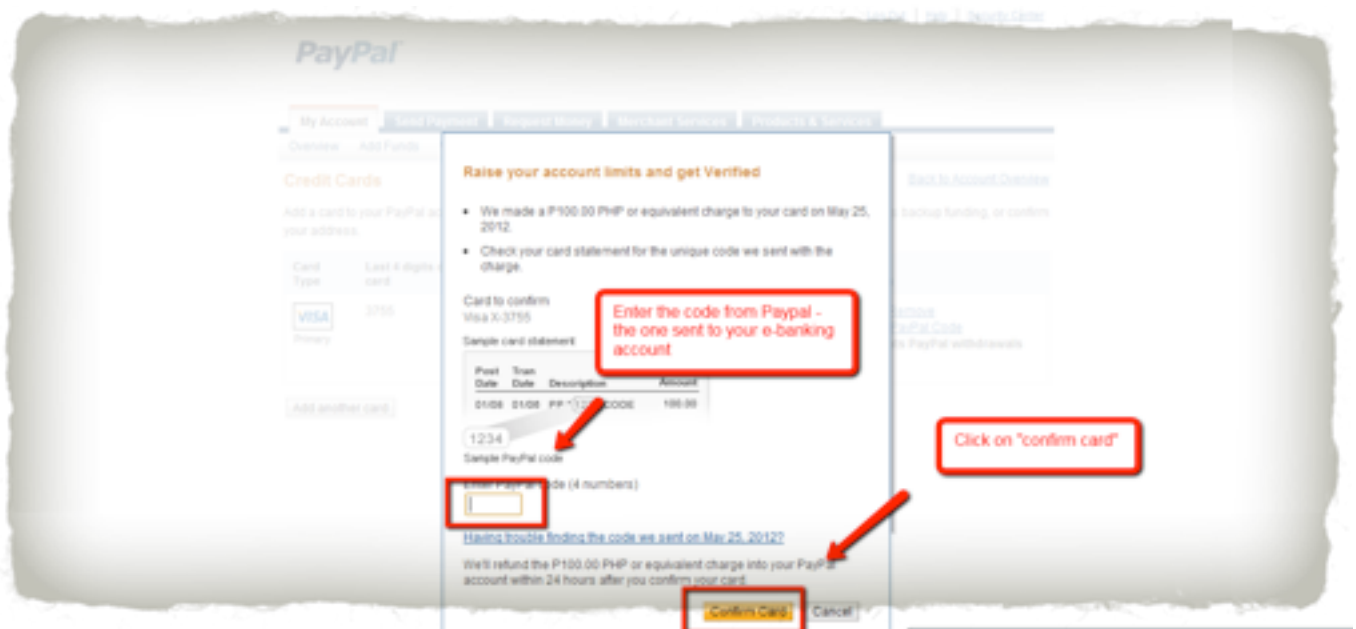

You'll see that in this example, PayPal charged my account 100PHP and there is a special code in the description. You need this code.

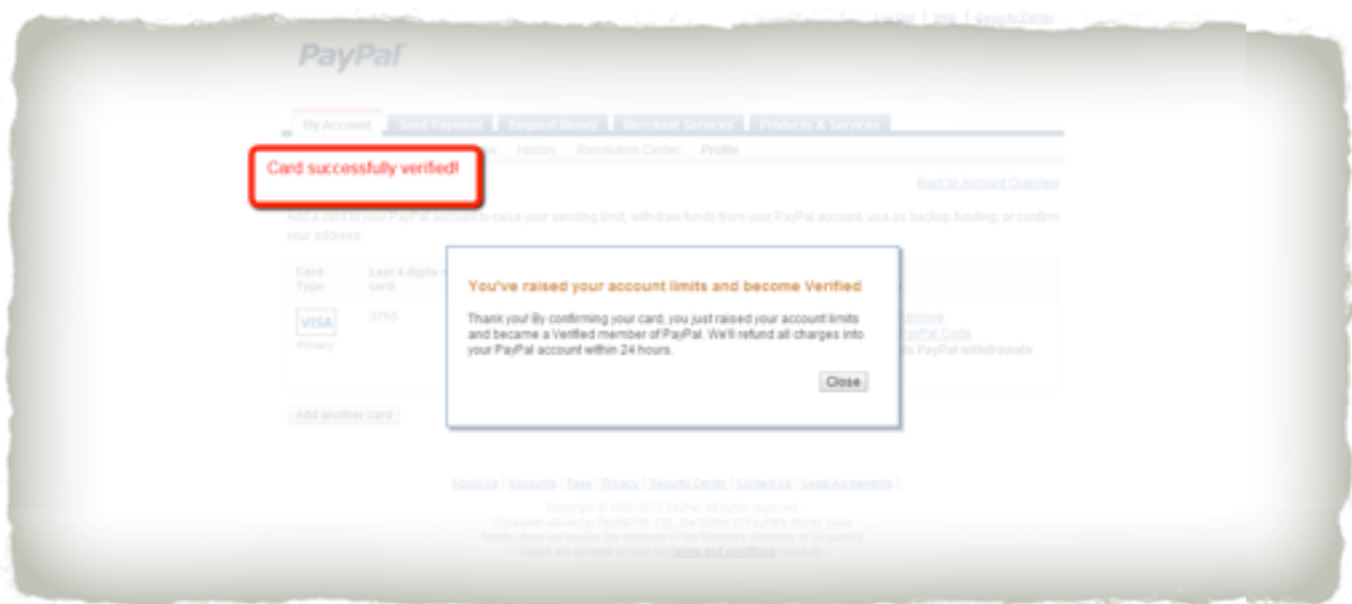

Take this code and go back to PayPal. Login to your account. Click the link shown to confirm your debit/credit card (this is your EON account).

Now you can enter the code from your EON account here. It should be a 4-digit code. This verifies that you are the owner of both the PayPal and the EON accounts.

You're now all done! Congratulations! When your employer pays you using PayPal, you will have easy access to your money with your EON card.
